

# TAXPAYERS' AUDIT POLICY

---

2016

TAXPAYERS' AUDIT WING, FEDERAL BOARD OF REVENUE, ISLAMABAD

11/23/2016

## 1. Paradigm Shift

Since 2001 voluntarily compliance has been the primary focus of Federal Board of Revenue (FBR). FBR has always trusted tax payers for their declarations. In order to promote tax culture and compliance many audit policies were launched in the past. This Audit policy has been carefully drafted keeping in mind the wisdom and experience behind the past policies.

For the audit purposes, the selection of cases in the past was mostly through random ballot. The **'Audit Policy' 2016**, has proposed a paradigm shift from the past. Its focus has been realigned from random to parametric selection and from general to risk based approach. This approach will minimize chances of selection of compliant tax payers resulting in increased confidence in the system. This new trend in taxpayers' audit will not only promote compliance with the existing tax laws but will also generate increased revenues through better declarations for better public spending by the Government. The right audit approach will help FBR in broadening the tax base and in focusing on high risk areas. This can be assured through equitable tax policies where a taxpayer knows that good citizens are appreciated.

## **2. Percentage of Selection**

FBR shall conduct computer ballot on parametric basis for selection of 7.5% cases for audit out of the total Income Tax, Sales Tax and FED returns filed for Tax Year 2015 and Tax Periods i.e. 1st July 2014 to June 2015 as determined by the Board-in-Council.
