

**GOVERNMENT OF PAKISTAN
MINISTRY OF FINANCE AND ECONOMIC AFFAIRS**

Islamabad, the 29rd January, 2001

NOTIFICATION
(CUSTOMS)

Temp SRO. No. 9364(I)/2001

S.R.O. _____(I)/2001: - In exercise of the powers conferred by section 19 of the Customs Act, 1969(IV of 1969), the Federal Government is pleased to direct that the following amendments shall be made in its Notification No. S.R.O. 369(I)/2000, dated the 17th June 2000, namely:-

In the aforesaid Notification:-

- (1) in clause (b):-
 - (i) the words "or agro-based industries" shall be omitted;
 - (ii) the word "and", at the end, shall be omitted;
- (2) in clause (c);
 - (a) the words "or export industries" shall be omitted;
 - (b) for the word and dash "provided" the semicolon and word ";and " shall be substituted;
 - (c) sub-clause (i) shall be omitted: and
 - (d) the brackets, figure, word and comma "(ii) the export industry annually exports minimum average fifty percent of its production in first ten years, " shall be omitted;
- (3) after clause (c), amended as aforesaid, the following new clause shall be added, namely:-
 - "(d) The export industries shall be exempt from whole of customs-duties leviable under the First Schedule to the said Act provided the export industry annually exports minimum average fifty percent of its production in first ten years and for expansion of existing unit, they should export 50% of additional capacity created under expansion."
- (4) for the **Table-II** the following shall be substituted, namely:-

"TABLE-II

Sr.No.	Type of industry
(1)	(2)

Priority Industries.

1. Specialized paints or coatings
2. Fire-fighting foam
3. Fertilizers
4. Treatment and disposal of toxic and hazardous industrial wastes, sewerage, effluent/solid waste management, water supply.
5. Edible oil extraction/refining
6. Livestock/poultry feed.
7. Integrated poultry, livestock complex including the facility for processing and packing.
8. Milk processing and milk products/dairy products.
9. Agro-based products/bi-products/chemicals (e.g. cotton, sugarcane, rice, corn-based like cattle feed, cellulose and its products, industrial alcohol, glycerin, fructose, furfural, Xylose etc)
10. Tourism, Hotels and Tourism Related Projects

11. Housing and Construction Industry.”; and
(5) for the **Table III**, the following shall be substituted, namely:-

“TABLE-III

Sr.No.	Type of industry
(1)	(2)
	<p style="text-align: center;"><u>CERAMIC PRODUCTS:</u></p> <ol style="list-style-type: none">1. Refractory goods such as refractory cements, refractory bricks, refractory blocks and refractory tiles.2. Ceramic ware for laboratory, chemical or other technical uses.3. Ceramic sinks, washbasins, washbasin pedestals, baths, bidets, water closet pans, flushing cisterns, urinals and similar sanitary fixtures.4. Table ware and kitchen ware.5. Ceramic filter elements.6. Electric insulators.
	<p style="text-align: center;"><u>ARTICLES OF IRON AND STEEL</u></p> <ol style="list-style-type: none">1. Seamless pipes.2. Spring and leaves for springs of steel.3. Radiators for central heating, non-electrical heating and parts thereof, of iron or steel4. Industrial chains for power transmission and parts thereof.5. Sewing needles and knitting needles.
	<p style="text-align: center;"><u>CHEMICAL AND ALLIED INDUSTRIES:</u></p> <ol style="list-style-type: none">1. Hydrocabons and their Halogenated, sulphonated, nitrated or nitrosated derivatives.2. Industrial alcohols and their halogenated, sulphonated, nitrated or nitrosated derivatives.3. Phenols, phenol-alcohols, and their halogenated, sulphonated, nitrated or nitrosated derivatives.4. Ethers, alcohol peroxides, ether peroxides, ketone peroxides, epoxides with a three membered ring, acetals and hemiacetals, and their halogenated, sulphonated, nitrated or nitrosated derivatives.5. Aldehyde-function compounds.6. Ketone-function compounds and quinone-function compounds.7. Carboxylic acids and their anhydrides, halides peroxides and peroxyacids and their halogenated, sulphonated, nitrates or nitrosated derivaties.8. Esters of inorganic acids and their salts, and their halogenated, sulphonated, nitrated or nitrosated derivatives.9. Organo-Inorganic compounds, heterocyclic compounds, nucleic acids and their salts and sulphonamides.10. Provitamins, Vitamins and hormones.11. Glycosides and vegetables alkaloids, natural or reproduced by syunthesis and their salts, ethers, esters and other derivatives12. Basic manufactiuring of inorganic chemicals, insecticides, rodenticides, fungicides, herbicides, anti-sprouting products and plant growth regulators disinfectants.13. Binders for foundry moulds or cores.

ENGINEERING AND ALLIED (SUBJECT TO PROGRESSIVE DELETION)

1. Machinery and mechanical appliances.
2. Vehicles, aircraft, vessels and associated transport equipment.
3. Optical, photographic, cinematographic goods, measuring, checking precision instruments, parts and accessories thereof.
4. Musical instruments and toys, parts and accessories of such articles.
5. Semiconductors and other components (Microprocessors, Memory Devices, transistors, diodes, logic gates, microcontrollers, integrated circuits (ASICs), Liquid Crystal Displays (LCDs), Capacitors, Resistors, Printed Circuit boards, Fabricated Water, Silicon Wafers, Lead-frames, Cassette mechanisms, Magnetic Heads and Cathodes Ray Tubes, Advanced Waferfab manufacturing, Photomasking, Microelectronic circuits, semiconductor materials).
6. Consumer electronics (Television Receivers, TV picture tubes, video players, video cassette, video cameras, audio products, electronic games).
7. Electrical Appliances (Refrigerators, air conditioners, toasters, vacuum cleaners, blenders, food processors, ovens, microwave ovens, shavers, hair dryers).
8. Gas absorption chillers.
9. Electrical industrial apparatus (Switchgears, electronic motors, transformers, generators, electricity meters, controllers, relays, voltage regulators, welding and cutting equipment, starters, switches and fuses, circuits breakers, contractors, power transmission equipment and parts).
10. Critical components of automobile manufacturing (components of engine gear box, suspension, robotics for chassis and body manufacturing; electrical and mechanical accessories, compressed natural gas kits.)
11. Automotive parts tools/dies manufacturing
12. Rubber components and parts.
13. Automotive or automobile progressive manufacturing
14. Valves and controls for fluids and gas, high pressure and/or high temperature piping and fixings.
15. Specialized pumps including solar pumps for chemical/petroleum industry.
16. Elevators and escalators
17. Ship building
18. Turbines (all types).
19. Generators for power plants
20. Seamless high pressure cylinders
21. Compressors
22. Locomotives/Passengers carriages/goods carriages.

TEXTILES:

1. Cotton yarn
2. Silk woven and its value added products
3. Cotton and blended woven fabrics or their products
4. Articles of apparel and clothing accessories all types
5. Man made staple fabrics.
6. Woven fabrics of synthetic staple fibres.
7. Carpets and other textile floor coverings
8. Knitted or crocheted fabric
9. Automobile textiles.
10. Blankets and traveling rugs.
11. Bed linen, table linen, toilet linen and kitchen linen etc.
12. Curtains (including drapers) and interior blinds, curtain or bed valances
13. Dying, printing and finishing.

PHARMACEUTICAL PRODUCTS:

All basic and integrated manufactured pharmaceutical products

PHOTOGRAPHIC OR CINEMATOGRAPHIC GOODS:

1. Photographic plates and film in the flat such as X-ray
2. Photographic film in rolls.
3. Photographic papers
4. Cinematograph film.
5. Chemical preparation for photographic uses.

GENERAL/MISCELLANEOUS:

1. Complete leather processing or articles of leather
2. Footwear goods
3. Surgical goods/sports goods /cutlery
4. Soft, stuffed and battery toys.
5. Frozen concentrated citrus juices.
6. Seafood industry (farming/catching, processing and preservation of fish shrimp and other marine products).
7. Mining or mineral processing
8. Manufacture of industrial plants, machinery and equipment including mining or mineral processing, agricultural and earthmoving machinery
9. Rubber and textile chemicals/dyes/pigments.
10. Petro-chemicals/Petro-chemical down stream products (including fiber)
11. Chloro-Alkali
12. Paper or Newsprint manufacturing (starting from pulp).
13. Manufacture of bio-medical diagnostic equipment/devices.
14. Research and development/technical testing facilities.
15. Fruits, vegetables and flowers – grading processing packing preservation
16. Production of quality hybrid seeds.
17. Natural or cultured pearls, precious or semi-precious stones.
18. Precious metals, metals clad with precious metal and jewelry/imitation jewelry.
19. Glass or glass ware.”.
