

**GOVERNMENT OF PAKISTAN
REVENUE DIVISION
CENTRAL BOARD OF REVENUE**

C.NO. 5(10)L&P/90

Islamabad, the 31st March, 2001

CUSTOMS GENERAL ORDER NO. 1 OF 2001

Subject: **PROCEDURE REGARDING CLEARANCE OF INCOMING INTERNATIONAL PASSENGERS**

Notwithstanding the provisions of CGO 49/1999 dated 06.12.1999, it has been decided to have a system of simplified customs control, based on the dual channel system such that allow the passengers to choose between two types of channels;-

- a. Green Channel for passengers having with them no goods or only goods which can be admitted free of import duties and taxes and which are not subject to import prohibitions or restrictions; and
 - b. Red Channel for other passengers.
2. Each channel should be separated with appropriate partitioning and with properly indicated entrances and be distinctively marked and sign-posted so that the choice between them can easily be understood by passengers.
3. The passengers be informed about the functioning of the system and about the description and quantities of goods they may have with them when using the green channel. This may be done by means of appropriate display of Passengers Baggage Import Rules inside the Customs Hall or by means of leaflets available to the public at the airport or distributed through tourist agencies, airlines etc.
4. All international arriving passengers may avail the dual channels facility except the passengers arriving from airports specified by the Collectors from time to time, in which case the provisions under CGO 49/1999 dated 06-12-1999 would be applicable that the baggage of such passengers would be subject to clearance after screening by the machines.
