Customs Officers (Field formations)

FEDERAL BOARD OF REVENUE

Compiled By

HRM Wing

Federal Board of Revenue, Islamabad

JUNE, 2015

PREFACE

The Exercise for Job Description (JDs) and Key Performance Indicators (KPIs) was initiated by the HRM Wing with the objective to foster better accountability within FBR by providing an objective assessment tool. In the first phase KPIs for Inland Revenue field offices have been developed.

FBR has also decided to develop JDs & KPIs for Customs Officers from BS 17-21 of field formations and to link Performance Evaluation Reports (PER) with KPIs. Accordingly the exercise was started in May, 2015. The JDs/KPI's of the Customs Officers will be a good tool to be used by Customs Wing to track the Customs employees' performance against the stated job requirements and measurable outcomes tied to specific tasks for effective implementation of the JDs and KPIs.
