Fig.1

The Ad given in fig.1 is for **REGENT INTERNATIONAL SCHOOL** which is located in Pakistan but after some research one can easily see that no such school exist in Pakistan in fact the school is located in UAE and also the advertisement is very poorly described and unrealistic like :

- On the top of the Ad Regent International School is written but in description "progressive public sector organization" is written.
- Pay Scale is given as SPS which is used by Strategic Organization like PAEC/NESCOM etc.

**Recommendations:**

- Before applying for any job check credibility of testing service
- Check whether this recruiting agency is registered with relevant bodies like SECP, FBR.
- Visit official website of the company/organization whose name is given in ad.
- Google the facts given in ad whether they are realistic.
