Advisory - Safe Use of ATM Cards (Advisory No. 41)

M(Admin/HR)

1. Recently, a sharp rise in ATM skimming (ATM fraud) incidents have been reported. Skimmers install Card Reader device on ATM machines to steal ATM card information during a legitimate ATM transaction and subsequently use the stolen information to withdraw cash by duplicating the compromised ATM cards. In such cases, cash withdrawal of account holders who had their ATM cards in their custody were reported from a different city other than their place of residence. This situation warrants cautious use of ATM cards and machines. Therefore, an advisory is attached at **Annexure-A** to sensitize all concerned.
