1.	NRTC	NA	NA	Rs.0.731	The bidder has offered price of Rs.0.731 with the unit of 1000 stamps. However, the bidder claimed that this price quoted is per one stamp and not per quoted 1000 stamps. As per Annex-6 of IFL, the bidder was required to offer rate per 1000 stamps and not per stamp. Therefore, the rate quoted in the bid is to be taken such i.e. 0.731 per 1000 stamps. However, if contention of the bidder is accepted, the cost comes to Rs.731 per 1000 stamps. Apparently the bidder has violated Annex-6 of the IFL and if the bidder does not agree to Rs.0.731 per 1000 stamps, the next lowest responsive bidder (i.e. NIFT) may be offered the license.

As per IFL, bidder was required to offer price in Pak rupees and not in foreign currency, which does not remain static due to fluctuation of foreign currency rates. The bidder has also stated in his quoted bid that “proposed to agree with manufacturers alongwith all other terms and conditions, that the Invoice Price for any payments which are not in GBP will be determined by multiplying the price of Pound 4.56 by the appropriate currency spot rate versus GBP at the time of each order.”</p> <p>That renders the bid to be disqualified for making it conditional and not quoting the unqualified price.
